COMMUNICATIONS:

- 2 of our teams went to Provincial Cup this year, the Sliders won gold and Kirk's team won 1 and lost 2.
- We have quite a few new teams joining the club this year, Janis is coordinating the fields and Steven took note of which teams needed jerseys and will forward it on to Dan.
- Questions were raised regarding equipment for the new season; new equipment will be distributed at the beginning of September, every team will get a pair of socks per player, ~5 pairs of shorts for any new players to the team, 3-5 practice balls and a new game ball every 2 years.
- Teams were reminded that if they wish to purchase their own jerseys, that there is to be no advertising on them, however logos may be put on shorts purchased by the team. Uniforms are to be green/white jerseys with black shorts and socks.
